arrested on suspicion. No evidence ever found. Upon the trial yesterday the witnesses could not make an absolute identification of the defendant. The little boy pointed him out as a man who looked like the man he saw coming out of the yard, while Miss Bremer, who was sitting upon a porch on the opposite side of the street, could not identify him. The jury went out about 4:30 o'clock, and returned at 5:15 with a verdict of not guilty, whereupon Boston was discharged. The case was then taken to the United States Circuit Court, and on Monday, a demurrer to the amended indictment was overruled, and the case is in the case of Frederick McPherson.

...trees to eradicate the scale insects was brought to a termination yesterday. As already stated, the board had Mr. Cass arrested for badmanner in refusing to spray his worms when ordered to do so. Mr. Cass claimed that a little lady-bug which he took to be a new cross or breed, was working on his tree, clearing off the

work on his dress creating on the  
sle better than he could do with  
ashes, and he declined to interfere  
with them.

Yesterday morning at 9 o'clock the  
jury assembled at Vernon and pro-  
ceeded to make a personal examina-  
tion of Mr. Cass's orchard. At 10  
o'clock the court reconvened and

trial went forward. After several experts and Commissioner Kervel had testified and the case had been summed up, the case was given to the jury about 2 o'clock. ## COUNCIL.

## THE CITY FATHERS DO A BIG DAY'S WORK.

The Name of Fort Street Changed to Broadway—The New License Ordinance Adopted, With Some Amendments—Repair of Buena Vista-street Bridge.

The City Council met yesterday morning in regular weekly session. President Frankfield and Councilmen Bonnell, Shaffer, Brown, Hamilton, McLain and Summerland were present.

The Street Superintendent asked for a seal for his office, as required by law. Referred to Finance Committee.

The Street Superintendent also reported on the claim of John Tyson for damages, that the pit where he drove off is not on city property.

In regard to the contract with Mr. Donegan for supplying the Street Superintendent with teams, the Street Superintendent asked that it be done at the time he wishes and to his satisfaction.

Councilman Summerland moved to lay on the table, but not meeting with a second, the request went to the City Attorney.

City Assessor Fischer presented the names of the following deputies to serve four months from March 3d, and asked the confirmation of their appointment: J. W. Welsh, F. A. Irvine, Brainard Smith, Harry Iles, S. Rees, Sam Prager, C. C. Cook, I. A. Sepulveda, W. S. Lee, L. M. Brown, G. A. Hamilton and W. A. Clement.

The recommendation of the City Engineer upon the disposal of stagnant water at Olive and First streets by the laying of a pipe was adopted, the estimate of the expense being \$300.

A. Brunson, Esq., addressed the Council, requesting permission to lay a cement sidewalk, and the matter was referred to the Board of Public Works.

The report of the City Engineer, recommending that the property owners repair the pipe in the Arroyo de los Reyes, was adopted, and the City Attorney instructed to notify the property-owners.

The City Engineer reported plans for specification for the reconstruction and repair of the Buena Vista street bridge, and they were referred to the Bridge Committee.

An ordinance of intention to establish the grade of Ward street from St. Paul to Alvarado street was referred to the Board of Public Works.

The Finance Committee's report, as heretofore published, was read. The recommendations for the letting of contracts for various supplies were adopted.

THE LUMBER CONTRACT. When the lumber contract was reached, the recommendation of the committee to reject both bids and the Council to take action, brought Councilman Brown to his feet with a motion that the contract be let to the Kerckhoff-Cuzner Lumber Company.

Councilman Wirsching moved that bids be invited from all lumber companies.

Councilman Bonnell wished to know if the Kerckhoff bid is the lowest.

Councilman Brown said that it is not in actual costs, but the location of the yard is so central that it is really the cheapest for the city.

Councilman Hamilton's motion prevailed, the contract thus being given to the Kerckhoff-Cuzner Company.

THE TEAMING CONTRACT. The recommendation for letting the teaming of teams to D. F. Donegan at \$2.94 per day was read, and Councilman Hamilton moved to adopt the recommendation.

Councilman Summerland moved to lay the recommendation on the table. He said it is a small business for the city to ask a man to furnish his team and his time at \$2.94 a day.

Councilman Bonnell thought it would be the best idea for the Council to fix a price for teams, say at \$3 per day, and let the Street Superintendent govern himself accordingly.

Mr. Donegan spoke in favor of his bid, and said he had made it in good faith. If the Council wishes to do a charitable act, it should give him the contract, because he is paying good wages, and many married men would benefit by it. He pays \$1.50 to \$1.75 per day.

The recommendation was adopted by a vote of 5 yeas and 3 nays.

The report of the Board of Public Works was read, and the various recommendations heretofore published were adopted.

An ordinance changing the name of Broadway street to Torberman and changing the name of Fort street to Broadway was read and adopted.

Councilman Bonnell thought the ordinance should lay over for a week to give a chance for protests.

President Frankfield said that he had heard of no objections, except some sentimental ones by THE TIMES, and favored the change. The ordinance was adopted by a unanimous vote.

Recess until 2 o'clock.

Afternoon Session. The Council was called to order promptly at 2 o'clock, with President Frankfield in the chair and a quorum present.

The report of the commissioners on the opening and widening of Sixth street was presented, with the protests against the same, and Monday next at 2 o'clock was set for the time for hearing the same.

THE CITY'S FUNDS. The special order for 2 o'clock, the loaning of the city money, was taken up, and the City Attorney stated that Judge Van Dyke had intimated that he would sustain the city's demurrer to the complaint, on the ground that it is premature, from the fact that it is not known that the Treasurer would turn the money over. On this statement the complainant had asked for further time to file an amended complaint, and the Court had set Friday next for the hearing of the same. On this statement, the President announced that there was no action to be taken by the Council, and the matter was dropped.

The subject of the Buena Vista-street grade was then taken up, and the City Attorney reported that, in his opinion, parties could take their names from the protest if they so desired, before action is taken by the Council, and, after some general discussion, on motion of Councilman Shaffer, the protests were denied, and, after the reading of the ordinance establishing the grade, it was adopted, on motion of Councilman Brown, by a unanimous vote.

The president announced that he had been handed a document headed: "CHARGES AGAINST THE CHIEF ENGINEER OF THE FIRE DEPARTMENT," addressed to

the Council, and, on request, the same was read, as follows:

LOS ANGELES, Feb. 12, 1890. To the Honorable the Council of Los Angeles—GENTLEMEN: The undersigned desires to call your attention to the actions and conduct of the Chief Engineer of the fire department. On last Wednesday, the 12th inst., at about 6 o'clock in the afternoon, box No. 23, corner Grand avenue and Pine street, was turned in for a fire in the neighborhood.

After a short time the Chief Engineer was seen driving out Main street toward the Washington Gardens at a furious rate of speed, whipping the horse and howling at the top of his voice; it was seen by all that he was drunk and unfit to handle his horse, let alone attending to his duties as a fireman where property and may be life was jeopardized.

In attempting to turn the corner of Main and Washington streets, four blocks below the fire, the wagon was upset and lay sprawling on the ground until assisted to his feet; the wagon was righted by the look-oners, the Chief assisted in the wagon, and off he went missing the telephone pole and another upset.

It is in my opinion that his conduct and ability should be investigated and his fitness demonstrated. Our lives are at stake, and we should be protected.

W. E. STORMER.

Councilman Brown thought the communication should be referred to the Fire Commission, and Councilman Bonnell made a motion to that effect. After some talk, the matter was so referred.

Councilman Bonnell said that he wished to stand by his resolution in regard to the communication in the Fire Department, introduced some months ago, but at the same time he wished to ask if the party who preferred these charges was not the man who had been himself discharged from the department for drunkenness.

It was stated that Stormer had been discharged on charges of neglect of duty, and, by permission, Stormer was allowed to address the Council, saying that he had been removed because he was a friend of Walter S. Moore, and that he would prove every charge that had been made. The matter was then dropped, the President stating that these were matters to be proved before the Fire Commission.

The Street Superintendent called attention to certain provisions that he wished inserted in the contract for furnishing teams, and, on motion of Councilman McLain, the City Attorney and Street Superintendent were ordered to draw up such a contract as desired.

THE REPORT OF THE CITY ATTORNEY was presented and the various recommendations adopted, including an ordinance in regard to the posting and distribution of bills on the public streets.

THE DRAFT. The new license ordinance was presented, with the rates as heretofore presented, and the same was adopted, with the exception of the electric light company, which was raised from \$50 to \$100.

The reading of the ordinance progressed without interruption until the clause in regard to wholesale liquor dealers was reached, wherein the minimum quantity to be sold by wholesalers is fixed at one gallon, and the license fixed at \$20 per month, when Mr. Redick, attorney for the wholesale dealers, by permission, addressed the Council, asking for a reduction of the quantity to one quart.

The usual debate on the question followed, in which a number of Councilmen took part, when the whole ground that had been canvassed both in committee and before the Council, was again gone over, when Councilman Wirsching moved to amend by inserting the words "or in original packages, not to be drunk on the premises," after the words "one gallon."

Councilman Hamilton said the committee had gone over the whole matter, and he thought the fairest way out of the difficulty was to adopt the ordinance as reported by the committee.

After considerable talk, Councilman Bonnell moved to amend the amendment by striking out the words "one gallon" and inserting "one-fifth of a gallon," or a commercial quart, not to be drunk on the premises, and the same was adopted.

INSURANCE AGENTS. When the reading was concluded, Councilman Shaffer called attention to the insurance clause, which had been fixed at \$3 per month for each agency, which, he said, he considered very low.

There was some debate, when Councilman Summerland moved to insert \$1 per month for each company represented, and the same was adopted.

Councilman Hamilton moved to amend the clause in regard to express wagon drivers by making the license payable quarterly in advance, the Clerk stating that such an ordinance would be a great help to his office.

Councilman Wirsching objected, but the amendment was adopted.

Capt. A. W. Barrett invited the Councilmen and city officers to attend a banquet at 8 o'clock, at the Nadeau Hotel, in honor of the visiting grocers, and, on motion of Councilman Brown, the same was adopted.

PAYING FOR CITY SUPPLIES. Councilman Bonnell brought up the matter of the conference between the special committee and the Mayor in regard to the payment of demands for supplies for the city. He stated that the committee had been in consultation with the Mayor, and two ordinances had been agreed upon, one of which provides for bills under \$300 and the other for an emergency fund. There was another ordinance which it was desired to draw up, but the committee had not the necessary time, and for this reason he asked a week's further time, which was granted.

The Street Superintendent was authorized to purchase certain cement pipe for use on Flower street, after which the Donegan garbage contract was again taken up, and, after the usual debate, it was finally adopted by a vote of 7 to 1.

The report of the Bridge Committee was presented, and the various recommendations adopted, and the Street Superintendent was instructed to furnish an estimate of the cost of the repairs to the Aliso-street bridge.

BOYLE HEIGHTS BRIDGE. Ex-Mayor W. H. Workman addressed the Council at some length on the matter of the Hollenbeck arroyo bridge on Boyle Heights, and guaranteed to pay \$740 toward the work, leaving the amount to be paid by the city only \$2000, a bid for the work having been put in for \$2740.

Councilman Bonnell thought that the proper solution of the difficulty was to order Boyle avenue graded from First street to Stevenson avenue, after which the whole matter was referred to the Board of Public Works for immediate attention.

The hour of 4 o'clock having arrived, the special order, the map of Ninth street was presented, and the same was declared official.

After the transaction of some miscellaneous business, and the approval of a number of contracts, Councilman Bonnell called up the matter of water rates, and Councilman Summerland, chairman of the Water Committee, gave notice that a meeting of the com-

mittee would be held on the subject Wednesday afternoon.

Councilman McLain called up the matter of the Buena Vista-street bridge and recommended that temporary work be done to put the bridge in passable condition until after the rainy season is over, and the committee was authorized to have the work done to an amount not exceeding \$300.

STOOD HIM OFF. Sam Adams, by permission, again inquired about his bill for painting at the old City Hall, and asked that something be done in the matter.

Councilman Hamilton made a statement in regard to the matter, and a lengthy debate followed, but no result was reached, and it was finally dropped.

A number of bids and proposals were read and referred to the proper committees.

After several unimportant matters had been disposed of, a communication was read from the City Treasurer to the Council, notifying it of the appointment of John H. Coffin as deputy treasurer, notwithstanding the office had been abolished by ordinance.

The communication was referred to the Finance Committee, after which the usual bundle of petitions were referred to the respective committees without reading, and the Council adjourned.

PETITIONS AND COMMUNICATIONS. The following are the petitions and communications referred to the committees without reading:

From the Temple-street Cable Railway Company, stating it would be unjust to it to leave the intersection of Edgeware road and Bellevue avenue in the shape it now is, and requesting that the defect be remedied.

From George H. Smith and others, asking that a street be laid out through block 28 of Hancock's survey of donation lots, also known as canal and reservoir lots.

From Charles Bauer, presenting claim for \$1000 damages in the event of the regrading of Temple street.

From M. M. Morrison, protesting against the opening and widening of Fort street between Tenth and Eleventh streets.

From Alfred James, protesting against the regrading of Temple street.

From B. W. Barilets, in favor of regrading Temple street.

From F. C. Wolf and others, asking that the sidewalk be cleared on San Pedro street between Fifth and Ninth streets.

From James P. Rogers and others, calling attention to the condition of the Arroyo de los Reyes, caused by the pipe being broken in three different places.

From C. J. Kubach, contractor on the Alpine and the Colorado-street school buildings, asking for extension of one hour extra each day until the

buildings are roughly cased in and roofs completed.

From W. T. Lambie, asking an extension of 15 days on contract for grading Aliso street, between Downey avenue and Hawkins street.

From Capital Milling Company, asking to have the present end of the Elysian Hills storm-water drain extended a short distance to where it will not discharge its contents into their basement.

From Alex Dallas, asking an extension of time on contract for grading First street between Lottis street and Evergreen avenue.

From W. H. Roper, asking extension of 60 days on his Mission-street contract.

CLEARLY SHOWN. How you can have a Vigorous Nervous System.

The Marvelous Success of Paine's Celery Compound is shown by living Examples, and it is Proven to be Nature's True Health Restorer.

The most skeptical should be convinced by the following brief extracts from letters recently received by us, that Paine's Celery Compound is an unfailing means of cure in all diseases which are caused by weakened nerves.

"For some months before using Paine's Celery Compound, I was afflicted with insomnia and more or less vertigo—all brought on by overwork and protracted anxiety."

"Since using the Compound I feel much better, sleep soundly, and my head troubles me less. I have not, meanwhile, intermitted or materially slackened my work."

"For the benefit I have gained from your preparation I am grateful to God and thankful to you." L. B. W. SHRYOCK, Pastor of Presbyterian Church, Reynolds-ville, Pa.

Three months after writing the above Rev. Mr. Shryock said: "The symptoms for which I used Paine's Celery Compound have not returned, although I have had no leisure or vacation from work."

"For a long time I was so nervous and worn out that I could not work. I tried many medicines, but none gave me relief. Until I used Paine's Celery Compound, which at once strengthened and invigorated my nerves. Many of my friends have used it at my recommendation, and they all agree with me in pronouncing it the best nerve tonic ever discovered."

HANLEY SMITH, Burlington, Vt.

Feel like these are the best reason why you should not despair of a cure. What the Compound has done for others it will do for you.

## Costly Monument to Columbus Proposed.

A Los Angeles Penitent Contributes to the Conscience Fund.

Orders for the Dismissal of Two Officials Revoked.

Inquiry to Be Made as to the Effect of the Long and Short Haul Clause on Our Farmers.

By Telegraph to The Times.

WASHINGTON, Feb. 17.—[By the Associated Press.] Representative Buchanan of New Jersey introduced a bill to establish a memorial to Christopher Columbus in this city. The memorial is to consist primarily of works of American artists and artisans, and a display of the progress of the arts, sciences and manufactures; and, secondly, of such displays from other countries as can be obtained. The bill proposes an appropriation of \$1,000,000 for the first year and \$500,000 during the two succeeding years.

Among other bills introduced in the House today were the following: By Mr. Turner of Kansas: Declaring forfeiture of all lands opposite to the uncompleted sections of railroads for which land grants were made. By Mr. Clunie of California: Appropriating \$10,000 to provide for a survey of the harbor of refuge and breakwater at Santa Cruz, Cal. By Mr. De Haven of California: Appropriating \$40,000 for a lighthouse near Punta Gorda, Cal.; also \$25,000 for the establishment of a lighthouse station at Humboldt, Cal.; also for a public building at Eureka, Cal. By Mr. Townsend of Colorado: For a public park at Pagosa Springs, Colo. The following joint resolution was also introduced: By Mr. Taylor of Illinois: Changing the term of the President and Vice-President to six years, and providing that they shall serve one term only. The resolution also extends the terms of Representatives in Congress to three years.

## WHERE THE MONEY GOES.

## A Batch of Estimates of Needed Expenditures.

WASHINGTON, Feb. 17.—[By the Associated Press.] Among the estimates made by committees today were the following: Fifty thousand dollars for the construction of buildings for the military post in Yellowstone Park; \$17,000 deficiency appropriation for the prevention of depredations on public lands; \$195,000 for expense of protecting public lands.

A communication from the Commissioner of Indian Affairs makes the following increases in estimates of amounts needed during the next fiscal year: For education of Indian children, at the Indian schools at Chilocco, L. T., from \$40,000 to \$48,500; at Carson City, Nev., from \$85,000 to \$86,500; at Santa Fe, N. M., from \$25,000 to \$42,750; at Grand Junction, Colo., from \$17,500 to \$23,000; Lawrence, Kan., from \$10,000 to \$13,500; Salem, Or., from \$10,000 to \$12,500; on account of transportation of Indian pupils, from \$25,000 to \$30,000; pay of farmers to teach Indians, from \$50,000 to \$75,000. The Secretary of War has sent to the House a bill asking an appropriation of \$55,375 for the erection of monuments and tablets and for proper marking of the graves of each of the comrades of the regular army engaged in the battle of Gettysburg. It is proposed to erect forty such monuments.

## THE INTERSTATE ACT.

## Does the Long and Short Haul Clause Injure Farmers.

WASHINGTON, Feb. 17.—[By the Associated Press.] The Senate Committee on Interstate Commerce on Wednesday will arrange the investigation called for by Mr. Paddock's resolution to inquire into the workings of the long and short haul clause of the Interstate Commerce act, and report whether or not it is responsible in any degree for the present depressed condition of agricultural interests of the West. Senator Paddock today said he wants to find out whether the clause is working to the disadvantage of farmers. In case the inquiry develops the fact, and its repeal cannot be secured, he will then introduce a bill constraining the section of the act containing the long and short haul clause to authorize the Interstate Commerce Commission to regulate tariffs as to secure to the producer of food stuffs a reasonable price for his products.

## Orders of Dismissal Revoked.

WASHINGTON, Feb. 17.—It is announced that the withdrawal by the President today of the nominations of Malcolm D. Mix and John C. Percival, to be receivers of public money at Del Norte, Colo., and Devil's Lake, N. D., respectively, was rendered necessary in order to correct errors committed under a misapprehension of facts as to the status of the incumbents' accounts, which were said to be short. On this account they were dismissed. The service, but subsequently an investigation showing that the accounts were correct, the orders of dismissal were revoked.

## Wanamaker's Estimates.

WASHINGTON, Feb. 17.—Postmaster-General Wanamaker, in response to the Senate resolution, today transmitted to the Senate an estimate of the increased cost required to extend the free delivery system to all cities and towns of not less than three thousand inhabitants, and also to those of not less than five thousand. There are 664 of the former towns, and the extension of the system to them would cost the Government \$1,317,000; and there are 291 of the latter, requiring \$679,225 for extending the system to them.

## A Los Angeles Penitent.

WASHINGTON, Feb. 17.—Treasurer Huston has received \$30 from Los Angeles, accompanied by the following letter: The enclosed \$30 is the property of the United States Government. It is money wrongfully appropriated by me at a time when I had less scruples about using others' property. Respectfully yours, PENITENT.

## Silver Coinage Stationed.

WASHINGTON, Feb. 17.—The Director of the Mint today sent a letter to Senator Cockrell with a statement showing the number of ounces of silver of standard fineness and the cost of it in the coinage of silver dollars, the number of silver dollars coined and the profits thereon for each year from March 1, 1876 to December 31, 1889. The number of ounces used during this period was 300,727,369, and the cost

Progress. It is very important in this age of vast material progress that a remedy be pleasing to the taste and to the eye, easily taken, acceptable to the stomach and healthy in its nature and effects. Possessing these qualities, Syrup of Figs is the one perfect laxative and most gentle diuretic known.

## CORONADO HAS THE CALL.

This charming place, with its magnificent Hotel, is daily becoming more popular. The ball given on Saturday night last, by the management, to the guests of the Hotel del Coronado, in the mammoth ballroom, was a very enjoyable one. Some 750 ladies and gentlemen graced the ballroom and surrounding parlors, participating in the gay festivities of the evening. Many of the ladies were very richly attired, and the brilliancy of their magnificent costumes added greatly to the attractions and grandeur of the scene. The inclosed glass veranda and the corridors were favorite resorts of the promenaders.

was \$987,965,107. The number of dollars coined was 349,388,001, and the seigniorage was \$61,943,383.

A Detained Schooner. WASHINGTON, Feb. 17.—The Secretary of State has telegraphed United States Consul McMeisters at Carthagena for a report in regard to the continued detention of the American schooner Julian for alleged violation of customs laws.

## THE WORLD'S FAIR.

## NEW YORKERS ADOPT DEFEW'S PLAN.

A Great Mass-meeting Held at Cooper Union—Gothamites Eager to Secure the Much-sought Prize.

By Telegraph to The Times.

NEW YORK, Feb. 17.—[By the Associated Press.] An enormous and enthusiastic mass-meeting was held this evening in Cooper Union, in favor of the original World's Fair Bill, which was hung up in the Legislature. Chauncey M. Depew, Warner Miller, John F. Plummer and others spoke. Overflow meetings were held all around Cooper Union, and at these meetings Senator Platt was vigorously denounced by the speakers.

At the main meeting the audience voted a set of resolutions and an address to the public, setting forth the non-partisan character of the enterprise, and denying the allegation that Tammany Hall will have the administration of the millions. After these speeches were made by Messrs. Miller, Depew and others. Then Mr. Plummer stepped up and said in substance that he had had a conference tonight with ex-Senator Platt, who had said to him that he (Platt) wanted the fair to come to New York, and he wanted Plummer to go to Cooper Union and tell the citizens that if the meeting ratifies Depew's proposition the State Committee will adopt it. This proposition, in substance, is that there shall be made an amendment to the bill that no contract will be let, no money expended, no appointments made, except by the vote of two-thirds of all the appointees of the bill. Mr. Plummer concluded by considering this to mean that the Senators will vote for the bill, and will go to Washington and demand our rights.

## Niagara Canal Work.

NEW YORK, Feb. 17.—Chief Engineer Menocci of the Niagara Canal, who has arrived from Greytown, reports that work is progressing systematically and satisfactorily. Progress on the great breakwater is rapid, and the dredging of the channel will begin as soon as dredges, already ordered, arrive. Vessels with heavy material for canal work will soon be able to enter the harbor. The effects of the breakwater, so far as constructed, are precisely as he expected in arresting the drifting of sand and the closing up of the harbor's mouth.

## Another Bank Wrecked.

LANCASTER (Pa.), Feb. 17.—The Lincoln National Bank, which has been plundered by Cashier, Hard and F. W. Hull, has its doors closed under orders of the bank examiner. It was reported this morning that the defalcation is much larger than the first estimate, which placed the amount at between thirty and forty thousand dollars.

## Murdered by White Caps.

FREDERICK (Md.), Feb. 17.—White Caps last night shot and fatally wounded Mrs. Rebecca Bruncher (white), who was accused of undue intimacy with a colored man. No arrests have yet been made.

## A Pioneer's Experience With Hood's Sarsaparilla.

"I am a pioneer in this county, having been here 30 years. Four years ago my little son Ellery became blood-poisoned by impure virus vaccination. His arm swelled terribly, causing great agony; physicians said the arm must be amputated, and even then his recovery would be doubtful. One day I read about a blood purifier, new to me, and was surprised to learn that it was prepared by C. I. Hood, with whom I used to go to school in Chelsea, Vt. I decided to have my boy try Hood's Sarsaparilla, and was much gratified when it seemed to help him. He continued to grow better as we gave him the Sarsaparilla, and having used 8 bottles is now entirely cured. As Hood's Sarsaparilla has accomplished such wonderful results, I recommend it all I possibly can." JEROME M. SLEEFERS, Upper Lake, Lake Co., Cal.

## The City Treasurer

OF Lowell, Mass., says: "The above is from my brother, whose signature I recognized. I am also glad to testify to the excellence of Hood's Sarsaparilla, and to say that C. I. Hood & Co. are now engaged on the most reliable firms in New England." VAN B. SLEEFERS, City Treasurer, Lowell, Mass.

## CHICAGO'S EXAMPLE.

## Corporations Must Pay Well for Valuable Franchises.

CHICAGO, Feb. 17.—[By the Associated Press.] Mayor Cregier tonight signed an ordinance granting a right of way to the Randolph-street elevated road, after the company had agreed to a novel condition, which is that, beginning December 1, 1894, the company shall pay into the city treasury yearly 2 percent of its annual gross income, that rate to be increased to 3 percent at the end of five years, and to 5 percent at the end of another five years.

The Mayor, in offering the proposition to the Council for ratification, said the time had come when the people at large should receive some consideration for valuable rights and privileges granted to corporations.

## Georgia Bulldozers Arrested.

AUGUSTA (Ga.), Feb. 17.—This morning United States Deputy Marshals went to Sharon, Ga., and arrested 17 prominent citizens, charged with conspiracy and intimidation against the newly-appointed postmaster, Duckworth. They brought the prisoners to Augusta tonight. The officers went to Sharon armed with rifles and prepared for trouble, but met with no resistance, and laid their weapons aside. The warrants for the arrests are based on testimony taken by postoffice inspectors.

## Went Through a Bridge.

WICHITA (Kan.), Feb. 17.—An engine and baggage car of the Galveston express plunged through a bridge six miles south of here this morning. Roadmaster E. Peters was killed. Engineer Wand and Fireman Smith each had a leg broken. Several passengers were injured. The supports of the bridge through which the train plunged had been burned away during the night, it is supposed by tramps. A sheriff's posse is scouring the country for the miscreants.

## The English Grain Trade.

LONDON, Feb. 17.—The Mark Lane Express says: "English wheats were stronger in London at an advance of 6d. The provincial markets closed firm. English flour was dull. Foreign wheats were rather stronger. Corn, owing to enormous shipments from America, dropped 6d. Oats were higher. At today's market dry English wheat was well held. Foreign white and red wheats met with easier sale. American corn was 6d. lower.

## Drugged, Assaulted and Robbed.

NEWARK (N. J.), Feb. 17.—A pretty German girl, aged about 24 years, was found unconscious at the corner of Lawrence and Commerce streets by an officer tonight. She was taken to police headquarters, where she recovered consciousness. She gave the name of Wilhelmina Lesterling. She said she came from California to find friends in this city, and had \$1000 in bills. She was lured by a man into a house, where she was drugged, assaulted and robbed. She could give no description of her assailant.
